### **Accelerated Reader:**

All OHMS pupils were tested on Accelerated Reader. Accelerated Reader (AR) can produce up to two years' reading age growth in just one year. AR monitors the Reading that pupils undertake when pupils take a quiz on each book read.

Pupils will be assessed on AR every half term to measure progress.

Using the initial test results, group tutors can help pupils select books that are challenging, but not too difficult so as to cause frustration. Over the past year AR has helped to improve Literacy and Reading skills.

Use of Accelerated Reader at OHMS has improved the focus of all staff on promoting Literacy skills and has ensured that pupils are reading widely and often.
