**Oldfields Hall**  
Middle School

Dear Parent/Carer

I am writing to inform you of the proposal to expand Oldfields Hall Middle School.

The expansion is necessary due to the increased need for Middle School places within the local area as a result of increased births and population growth due to new housing.

The project would enable the schools Published Admission Number (PAN) to increase from 132 to 162 places from September 2025, providing an additional 30 Year 5 places each year. This will result in a gradual increase in pupils over several years, in line with the expected additional children generated from new housing.

The additional children cannot be accommodated at Oldfields Hall Middle School without the capacity of school being increased. The proposed expansion includes:

- 5 new general teaching rooms
- 1 new Graphics Products Room
- A new multiuse hall and associated changing facilities
- Additional pupil toilets
- Re-modelling of existing accommodation to provide specialist Science teaching areas

The proposed changes will help the Governing Body and the Uttoxeter learning Trust fulfil its commitment to providing places for local children. The additional number of pupils will generate funding to enable the appointment of more school staff.

Architectural plans for the expansion have not yet been finalised. They will follow the standard planning application process in due course.

As part of these proposed changes, there will be a 4 week consultation period within the Uttoxeter community. This will provide the opportunity for you to read about the proposed changes at Oldfields Hall Middle School.

The consultation document is available to view on the school website, which is [www.oldfields.org.uk](http://www.oldfields.org.uk)

We would welcome any comments you might have about the following proposal. Please send these views using one of the means noted below by 12pm on Monday 14<sup>th</sup> June 2021.
